\* Laura Stegall, MAG

GUESTS/VISITORS

Armando Rivas, Town of Paradise Valley  
Brian Kilgore, representing Griffin Pipe Products  
Members neither present or represented by proxy.

1. Call to Order

The meeting was called to order at 1:30 p.m.

Approval of Minutes

The minutes of January 5, 2000 were approved with no exceptions. It was noted that the 2000 Meeting Schedule included in the packet was in error. The May 2, 2000 meeting will be held on May 3, 2000.

Submitted Cases

Case 00-01 Brian Kilgore, representing Griffin Pipe Products, distributed two lists of projects using SNAP-LOK restrained joint pipe. Mr. Kilgore described the SNAP-LOK system as it compares to other joint restraint systems. Discussion will continue at next month's meeting.

New Cases

Jeff Benedict distributed a draft of proposed changes to Section 710. Jeff is seeking a sponsor for the

addition of a "Commercial Mix" to Section 710. The addition of a "Commerical Mix" would address a current need to supply a mix satisfactory for use in parking lots and similar uses outside of the roadway rights-of-way. Committee members were asked to review the material and contact Jeff if any desired to sponsor the case.

Paul Ward distributed a letter from John Susie, Sales Representative for American Flow Control. The AWWA Standard for Reduced-Wall, Resilient-Seated Gate Valve for Water Supply Service, effective date September 1, 1999 was also distributed. Paul offered the information for consideration and possible action by the committee. The committee members were asked to review the letter and AWWA specification for further discussion next month.

#### General Discussion

Paul Ward notified the committee that copies of the 2000 updates to the Standard Specification and Details were now available for \$15 each. Complete books will be available in a couple of weeks.

#### Adjournment:

The meeting was adjourned at 2:35 p.m.
